Phone: 9155739454

Email: krprashant915573@gmail.com

Objective:

Certified and motivated Java Developer with expertise in Java, Spring Boot, Hibernate, and RESTful APIs, as well as a foundational understanding of React JS and AWS. Seeking challenging opportunities to apply and enhance my skills in software development and contribute to innovative projects, particularly in global logistics.

Education:

- Master of Computer Application (Computer Science), IGNOU, New Delhi
Graduated in 2023
Marks Obtained: 7.1CGPA
- Bachelor of Computer Application (Computer Science), IGNOU, New Delhi
Graduated in 2020
Marks Obtained: 7.6CGPA

Technical Skills:

- **Programming Language:** Java, Python
- **Backend Development:** Spring Boot, Hibernate, Servlets
- **Frontend Technologies:** HTML5, CSS, JavaScript, React JS
- **Databases:** MySQL, Oracle SQL
- **Version Control:** Git, Bitbucket, SourceTree
- **Cloud Services:** AWS (Amazon Web Services)
- **Project Management Tool:** Jira
- **Linux Operations:** MobaXterm for AWS EC2 instance management.

Experience:

Company: HulkHire Tech

Position: Java Developer Intern

Duration: May 6, 2024 – Present

Project: Trustly PSP Integration for E-commerce Client

- Collaborated with a team to develop a Payment Integration system for an E-Commerce client using Java.
- Utilized Spring Boot for backend development and React JS for frontend, ensuring a seamless user experience.

- Managed code versioning and collaboration using Git, Bitbucket, and Source Tree.
- Gained proficiency in AWS cloud services for deployment and scaling of the application.
- Acquired experience in project management using Jira ensuring smooth workflow and task tracking

College Project 1:

Project Name: Online Bookstore Web Application

Description:

- Developed a web-based bookstore application using Java, Spring Boot, and Hibernate for backend development.
- Utilized React JS for the frontend, ensuring a responsive and intuitive user interface.
- Integrated MySQL for database management, employing SQL for efficient data retrieval.
- Deployed and scaled the application using AWS cloud services.
- Managed code versioning and collaboration using Git.
- Demonstrated strong problem-solving skills and collaborated effectively with team members.

Additional Skills:

- Adaptable team player fostering collaboration.
- Proven ability to approach projects innovatively as needed.
- Demonstrated passion, curiosity, and digital thinking, with a desire for continuous learning.
- Possesses an agile mindset with adept multitasking abilities.
- Detail-oriented with a keen eye for perfection.

Certifications:

- Core and Advanced Java, Coursera
- Python, GUVI Network
- AI for India 2.0, GUVI Network
